

THIRTEEN NEGRO TROOPERS HUNG THIS MORNING

Military Court Imposes the Death Penalty on Soldiers.

OTHERS GET SENTENCES

Execution, Time and Place Was Kept Secret Until Today.

(Associated Press Leased Wire.)
San Antonio, Tex., Dec. 11.—Thirteen of the negroes of the Twenty-fourth infantry, U. S. A., found guilty of complicity in the riot and mutiny at Houston on August 23, were hanged on the military reservation at Fort Sam Houston at 7:17 o'clock this morning.

Announcement of the carrying out of the sentence was made at headquarters of the southern department at 9 a. m. Only army officers and the sheriff of Bexar county were present when the sentence was carried out. The time and place of execution had been kept a secret.

Of the sixty-three mentioned by the same court martial, forty-one were sentenced to life imprisonment. One man was sentenced to dishonorable discharge from the army, forfeiture of all pay and allowances and to be confined at hard labor for two and a half years. Three were sentenced to be dishonorably discharged from the army, forfeit all pay and allowances and be confined at hard labor for two years. Five were acquitted.

News to Washington.
Washington, Dec. 11.—The hanging of the thirteen negro troopers for complicity in the Houston riot was unknown to practically all officials of the war department until it was announced at Fort Sam Houston today.

Were the country at peace the execution would have required the approval of President Wilson.

No such wholesale execution in the army has occurred within the memory of the present generation.

RESCUE WORK IN HALIFAX ORDERLY

SYSTEMATIC ORGANIZATION IN RESCUE WORK IN WRECKED CITY.

Halifax, Nova Scotia, Dec. 11.—The snow storm which hampered the relief workers yesterday was a short duration and last night was clear and cold.

All activities are now on a systematic basis and Halifax men joined today with men from other points of Canada and from cities in the United States, in seeking to restore more normal conditions. The refusal to admit curiosity seekers already has resulted in a noticeable lessening of the congestion.

FORM DIVISION OF CAVALRY

U. S. Officials Say Step Is in Preparation for Eventualities Abroad.
Washington, Dec. 11.—A division of regular cavalry, the first the American army has had since Civil war days, is being formed at El Paso, Tex. Officials said the step was in preparation for eventualities abroad, and had no significance so far as the Mexican border patrol was concerned. The division is being organized under the old army plan, with about 11,000 men.

El Paso, Tex., Dec. 11.—One regiment of horse artillery, equipped with three-inch guns, arrived here from Fort Sam Houston to become a part of the new cavalry division.

PEOPLE OF DIXON TO MAINTAIN GOOD RECORD

Superintendent Borst of the Borden Milk Factory Has Article.

NOTHING FOR TRIBUTE

Again the call has come from our men in the camps and across the seas. A call from the men who have gone forth to defend our country and our homes.

These men are fighting to make the world safe for democracy. These men are fighting so that we may leave to the generations that follow us the blessings of liberty and freedom that our forefathers fought, bled, and died to give us.

Our men have left comfortable homes and pleasant surroundings and have taken up arms to defend us, and have left heartbroken fathers and mothers, sisters and brothers. They may not be your boys but some other mother's boy is there and some mother's heart is sad.

We should care not for nationality or creeds, these men are Americans, and fighting in defense of America.

The Y. M. C. A., the Red Cross, the Knights of Columbus, and the Y. M. H. A. are all striving to accomplish one end, and it is the duty of all Americans to give of their money and to give without any thought as to whether it is to the Y. M. C. A., the Knights of Columbus, the Red Cross or the Y. M. H. A.

As yet we have given little and have sacrificed nothing compared to that which are men are making. We are not being asked to pay tribute but if this war be adverse to us (which I believe to be impossible) we would then be compelled to pay the mightiest tribute the world has ever known.

But we are not going to do it. America has millions of her sons standing ready to be called and billions of money to go with them, and we have demonstrated by our first and second Liberty Loan, the Red Cross, and the Y. M. C. A., that this is the fact and will show Germany and the Kaiser, the Junkers and the Huns, by our subscriptions to the Knights of Columbus, that America has millions of men, and billions of money for defense, but not one penny for tribute.

I know that the response of the people of Dixon will be as generous in this case as it has heretofore, in all essential things necessary to the winning of the war.

RUSSIAN SITUATION REPORTED GRAVE BY DISPATCH TO LONDON

Troops Being Drawn From West Front to Fight Cossacks.

(BULLETIN.)
Panama, Dec. 11.—
Panama declared war on Austria yesterday.
The government is internecine Austrians.

(Associated Press Leased Wire.)
London, Dec. 11.—The Russian situation is reported to be grave, according to a Times dispatch from Petrograd. The Bolsheviks, according to Petrograd newspapers, have placed machine guns in the streets, as they fear an uprising of hostile parties. The garrison, however, shows signs of insubordination and is reported to be disobeying the Bolshevik commander.

Considerable forces, the dispatch adds, are being detached from the west front to be sent against the Cossacks.

The Cossacks are preparing to fight, the Petrograd correspondent of the Daily Mail reports.

The correspondent says General Kaledines, the Cossack leader, is disbanding infantry regiments in the Don territory and sending them home on account of their extremist opinions.

Would Suppress Movement.
Copenhagen, Monday, Dec. 10.—As the Bolshevik government has proofs that General Kaledines and Duffo have been arresting workmen and soldiers' councils and trying to disarm revolutionary garrisons, according to a dispatch received here from the official Petrograd telegram bureau, the government has decided to make an end to the counter revolutionary movement.

It has ordered enough troops to suppress the movement to be transferred from the Caucasus. It is explained that the troops in the Caucasus were chosen so as not to diminish forces on the eastern front.

CITY COUNCIL IN REGULAR MEETING

COMMISSIONERS DISCUSS CANDY CARDS AT MEETING TODAY.

The city commissioners, in regular session this morning, discussed the question of candy cards, and similar gambling devices, where the customer draws numbers from a board and takes chances on winning a prize.

It was said that the attempts of the city officials to stop the sale of these candy cards in local stores and pool rooms had met with arguments that similar games were allowed at all the fairs and bazars of the city.

Commissioner Whitcombe contended that it was not fair to create a distinction and refuse the store keepers the right to operate these games if the clubs and other organizations were allowed to continue them. He said that the articles raffled off at the fairs were sold in opposition to local merchants, and that there was no justice in giving privileges to bazars which were not granted to the merchants.

There is a city ordinance in Dixon which prohibits games of this sort, and it was agreed by the commissioners that the ordinance should be enforced to the letter after January 1.

Buy Sewer Cleaner.
The commissioners purchased the John A. Stevenson sewer cleaner, which has been on demonstration here, price \$890. The city will not need the machine until spring, but purchased it with a non-interest bearing warrant, payable May 15th.

CONCERT AT 1:30.

The concert by Sousa's Great Lakes Naval band will commence at 1:30 o'clock at the opera house tomorrow afternoon. Postmaster Hogan received word this afternoon.

ANNUAL X-MAS GUILD DANCE

St. Mary's Guild of St. Patrick's Catholic church announces today that its annual Christmas dancing party will be held at Rosbrook's hall on Christmas night. All of St. Mary's Guild's parties have been happy events and it is assured this year's will be no exception.

THREE CORNERED RACE ILLINOIS NEXT YEAR

McCormick, Deneen and Thompson on G. O. P. Ticket?

STERLING MAY RUN

A three-cornered race for the United States senatorship nomination on the republican ticket seems certain in Illinois next year. With 1918 almost upon us, political leaders over the state are beginning to sit up and notice things political.

Medill McCormick, present congressman at large from Illinois; May or William Hale Thompson of Chicago and former Governor Charles S. Deneen will all be candidates for the senatorial nomination, it is said.

Sterling Candidate.
It is said that Fred E. Sterling, editor of the Rockford Register-Gazette, chairman of the republican state committee, manager of the last campaign in this state, and a splendid manager at that, will be a candidate for state treasurer, to succeed Len Small, who is not intending to be a candidate again. Mr. Sterling was a former Dixon boy, and has a number of relatives living here now. He is one of the best known and most favorably known men in public life in Illinois, and his past record as an executive in party work has won him an enviable reputation and a long and influential list of friends in the state.

Elections in November.
In November Illinois elected a United States senator, in succession to Senator Lewis; two congressmen at large, succeeding Medill McCormick and William E. Mason; a state treasurer to succeed Len Small, a state superintendent of public instruction to succeed Francis G. Blair, and three trustees of the University of Illinois, to succeed the three democrats elected in the 1912 cataclysm: John R. Trevett of Champaign, Florence E. Watson of Iowa and Robert R. Ward of Benton.

A member of congress will be elected in each of the 25 congressional districts, a member of the state senate in each of the 26 odd numbered senatorial districts, and three members of the Illinois house of representatives in each of the 51 senatorial districts. In addition, the state will vote on the proposal to call a constitutional convention, upon the adoption of the new private bank laws, and upon the \$60,000,000 good roads bond issue.

HANOVER PREACHER IS NOW STRONG FOR U. S.

REPRIMANDS BY GOVERNMENT OFFICIALS HAVE BORNE GOOD FRUIT

(Associated Press Leased Wire.)
Chicago, Dec. 11.—The sermon on "America First," which Rev. Adolph Voight of the Hoosier Grace Evangelical Lutheran church, Hanover township, delivered after being warned several weeks ago against repeating what the federal authorities considered pro-German utterances, has borne fruit.

The clergyman called on United States District Attorney Charles F. Clyne today and presented evidence that his congregation, since his sermon on Americanism, had taken ten thousand dollars in liberty bonds and had subscribed \$424 to the Red Cross and Y. M. C. A. war funds.

Mrs. Voight, who accompanied her husband, said she was organizing a Red Cross branch among the congregation.

MEANS TRIAL NEARS END; SISTERS TALK

MEANS FINISHES HIS STORY OF MRS. MAUDE KING'S DEATH.

(Associated Press Leased Wire.)
Concord, N. H., Dec. 11.—Introduction of evidence in the trial of Gaston B. Means appeared to be nearing its end today, although the defense remained silent as to how many more witnesses it would offer before resting its case. The state also was expected to offer several witnesses in rebuttal.

Means' story of his financial transactions for Mrs. Maude A. King, for whose alleged murder he is on trial, was finished yesterday after he had reiterated his story of her death near here last August, which he attributed to accidental discharge of a pistol in her hands. He has been on the stand the better part of four days. The defense has put on a number of witnesses, to testify to minor points in its case. Among them were Means' two sisters, who declared that on the night of Mrs. King's death they found him with his head bowed in his hands and tears streaming down his face.

EXHUME BODIES OF 400 CHINESE

ESPY IS SENT TO CAMP GRANT

GOVERNMENT APPEALS FOR PEOPLE'S LENSES

Asks Loan of Binoculars for Period of the War.

MAY SAVE MANY LIVES

The following letter received by Hon. J. P. Devine, chairman of the Neighborhood Committee, Lee County Auxiliary, State Council of Defense, from Harold L. Ickes, chairman of the executive committee of the state organization, should merit the attention of every one in the county. All Lee county papers are requested to copy.

Your government is greatly in need of spyglasses, binoculars and telescopes.

Our lenses in the past have come chiefly from abroad and no more can be obtained from that source. American manufacturers cannot meet the demand due to the present emergency.

The reason for the demand is evident. Our navy has been greatly enlarged; lookouts on all ships have been doubled, and it is impossible to navigate vessels or detect submarines without these instruments, and they cannot be bought in sufficient numbers.

Our navy department has therefore appealed to the citizens of the state of Illinois through the State Council of Defense to contribute their spyglasses, binoculars and telescopes. The ordinary opera glass is not adequate for marine service.

Your glasses are to be borrowed, not begged. The navy department will tag all instruments loaned and at the end of the war will return the glasses to the donor. Provided, of course, they have not been destroyed or lost, and your glasses by detecting a submarine may save an American troop ship, bearing thousands of American soldiers.

Yours very truly,
Harold L. Ickes.

This is important—Send your glasses to Secor Cunningham, chairman, fifth floor, 129 West Adams street, Chicago, Ill., and please do so at once.

TROOPS TO QUIT CAMP GRANT IS RUMOR AFLOAT

Persistent Report, in Spite Of Official Denial.

Will Be Prison Camp?

Claim Rockford and Battle Creek Are to Be Consolidated.

Camp Grant, Ill., Dec. 11.—Camp Grant is upset tonight by its most sensational rumor. This rumor takes many forms, but the basis is always the same:

"All the men now at Camp Grant are to be transferred to some other camp."

Then follow the various versions. One is:

"Camp Grant is to be made an internment camp to hold thousands of alien enemies and German prisoners sent here from the war zone."

Other versions of Rumor.

Another is:

"The Eighty-sixth division is to be consolidated with the troops at Camp Custer, near Battle Creek, Mich."

Still another is:

"The Eighty-sixth division is to be sent to one of the vacated cantonments in the south or possibly to Camp Sheridan, the new camp near Mobile, Ala."

The most frequent combination of the different rumors is that the forces at Camp Grant and Camp Custer will be consolidated into one division at Custer, and that Grant will be used for internment purposes.

Would Hurry Departure.

Those who circulate this story go on to say that both divisions are far short of their quotas and that, while the men are waiting for their training, the arrival of the final increment has been so delayed that neither division could be prepared for foreign service before spring. The discussion then proceeds to the point that if the Grant and Custer forces were united at once one complete division would be ready for service in a short time.

At camp headquarters it was admitted that the rumors have been heard, but it was stated without qualification that not a word of an official nature had been received containing any intimation of a change in the original plan for training the division.

Rockford Gives Credence.

The stories have made such an impression among Rockford citizens that John H. Camlin, president of the Chamber of Commerce, is said to be in Washington in an effort to determine the truth of the rumors.

Rockford, Ill., Dec. 11.—Fifteen hundred selective soldiers have received precautionary treatment in the final fight being waged against meningitis at Camp Grant by Major H. C. Michie, commander of the base hospital, and his mastery force of medical specialists.

Complete reports of the anti-contagion campaign show that to date but six cases of the disease exist in the cantonment. None has developed here since November 20 and that is considered sufficient guarantee that the fight is won. All of the men isolated for treatment are out of danger and will be able to rejoin their regiments in a few weeks.

When the disease was discovered a systematic campaign against its being was instituted in every unit and movements of the six men stricken were traced and every enlisted man or officer found to have come in contact with them was treated. Cultures of the throat and nose were taken from fifteen hundred men and analyzed. Nine soldiers were found to be real carriers of meningitis and in each case the man has been isolated and has received the most effective treatment.

Health reports for November showed a big improvement over even the remarkable physical showing made in October. A few cases of measles now constitute the only type of communicable disease to be found in the training camp.

PEIPER BOY NOT GUILTY

Arthur Pieper of Dixon, who was charged by the authorities of Waterloo, Iowa, with having stolen an automobile, has been cleared of any guilt in connection with the affair, and the grand jury there, in its investigation, failed to bring in an indictment against him.

The many friends of the young man and his family are glad to know that he was not guilty of the crime that was charged against him.

FUNERAL TODAY

The funeral of Mrs. George Stroup of Sterling, who passed away suddenly Sunday at 8 a. m., was held today at 2 o'clock. Many friends of Dixon attended. Mrs. Stroup was a cousin of Mrs. Wm. Lee of this city and also had many friends here. Mrs. Edwards was among those who attended the funeral.

RUSH TROOPS, URGES BAKER

War Secretary Declares Russian Defection Makes More Speed Necessary Here.

GERMANS PLAN GIANT BLOW

Able Now to Concentrate Practically Their Whole Force on the Western Front—Must Speed Up War Work, He Says.

Washington, Dec. 31.—Germany has massed on the western front her greatest army of the war, Secretary Baker declares in his weekly war review. To meet this menace the United States must speed up its military preparations, the secretary adds, with a warning that the enemy is preparing to put into execution in France plans he has been maturing since the peace negotiations with Russia permitted the massing of men on the western front for that purpose.

"The united nation must stand squarely behind our soldiers," the secretary says. "It is not sufficient to prepare to fight; we must prepare to win."

The German counter-offensive on the Cambrai front, says the review, has been successful in winning back less than one-third of the territory captured by General Byng. The statement also notes that American engineer troops, "exchanging shovels for rifles, fought off the enemy side by side with the British."

Aid by Russian Defection.
"This German parrying thrust," says the review, "the most powerful and successful blow aimed at the British during the last two and one-half years, coming as it did immediately after the British victory in the same area, serves to emphasize the reviving strength of the Germans in the west."

"We must recognize plainly that the situation in the eastern theater has brought about a very decided change in the possibilities of the military situation in the west."

"Germany, by leaving only skeleton divisions in the Russian area, by concentrating all available guns, munitions and men in the west, has been able to mass a relatively greater force than she has ever been able to mobilize in France in the past."

"This explains the success which the enemy was able to achieve in driving the British back from Cambrai. It would not do for us to minimize its importance."

"The enemy realizes that he finds himself temporarily in a singularly fortunate position and he can be counted upon to take the utmost advantage of it."

"The magnitude of the task before us can be more fully realized when measured by the success which the enemy is still able to gain."

"It means that we must speed up our military efforts. The united nation must stand squarely behind our soldiers."

"It is not sufficient to prepare to fight; we must prepare to win."

"The Romanians armies," it continues, "while repudiating all attempts made by the enemy to fraternize with them, have been by force of circumstances compelled to accept the proposals for a truce."

COURT UPHOLDS DRY STATUTE

High Tribunal Rules Against Fundamental Personal Right.

Washington, Dec. 31.—With a decision upholding the Idaho prohibition law the Supreme court gave an opinion which may be one of the most far-reaching victories for "bone-dry" prohibition yet recorded.

It was held that a citizen has no constitutional right to possess liquors for his personal use if a state wishes to forbid it.

Justice McReynolds, who gave the court's opinion, held that a state "has power absolutely to prohibit manufacture, gift, purchase, sale or transportation of intoxicating liquors within its borders without violating the constitution."

"We further think," he added, "it clearly follows from our numerous decisions upholding prohibition legislation that the right to hold intoxicating liquors for personal use is not one of those fundamental privileges of a citizen of the United States which no state may abridge. A contrary view would be incompatible with the undoubted power to prevent manufacture, gift, sale, purchase or transportation of such articles—the only feasible ways of getting them. An assured right of possession would necessarily imply some adequate method to obtain not subject to destruction at the will of the state."

BOGUS MONEY MAKERS HELD

U. S. Nips Scheme Which Involves More Than \$1,000,000.

New York, Dec. 31.—Counterfeiting schemes said to involve more than \$1,000,000 and whose ramifications included Europe, South America and the United States, were disclosed here when William J. Flynn, chief of the United States secret service, announced that an elaborate plant for printing spurious money and French passports had been seized in this city, and that the third arrest of those involved was made here.

"Conceited, isn't he?"
"Yes; he even thought he had ended the war the day he bought his first liberty bond."

Mardieth-Girton.
The marriage of Miss Agnes Mae Girton, daughter of Henry Girton of Franklin Grove, to Herbert McKinley Bacoeth, also of Franklin Grove, was solemnized in a pretty evening wedding Monday, Dec. 10 at the home of the bride, Rev. F. A. Graham of Ashton read the service in the presence of a company of nearly sixty relatives and friends.

The bride was beautifully attired in white satin and carried white carnations and ferns. She was attended by her sister, Mrs. William Spencer,

of Amboy, who was matron of honor, and Mr. Spencer attended Mr. Macbeth. The ceremony took place at 8 o'clock.

Congratulations over the guests were invited into the dining room, where a delicious wedding supper was served by friends of the bride—Miss Frances Johnson, Miss Florence Modler, Mrs. Charles Hunt, Mrs. Blanch Royster and Mrs. Rina Marandi. The house was beautifully decorated in white and green, with festoons and wedding bells.

Guests from out of town included Mr. and Mrs. Theodore Brink of near Dixon, Roy and Henry Wendell, of south of Franklin Grove, Mr. and Mrs. Boyd Pratt of Ashton and Miss Florence Modler of Sterling.

Mr. and Mrs. Macbeth will continue to make their home in Franklin Grove surrounded by their friends, who will extend hearty best wishes.

Mr. Macbeth came to Franklin Grove a few years ago and has been assisting farmers in that vicinity. His home, made with his aunt, Mrs. John Powers, since the death of his parents, was in Pennsylvania.

P. E. O. Plan Christmas Party.
A meeting of Chapter A. C. Illinois P. E. O., was held Monday afternoon with Mrs. E. J. Countryman. Following the business session the program was carried out. Mrs. C. E. Smith had the paper of the afternoon on "Social Life in the Philippines." Mrs. Smith told of the childlike, careless attitude of the Philippine women to the social life and spoke of their warm cordiality and hospitality to strangers, especially to people of the United States. Great developments have taken place in the past few years in the life of the people, but there is still room for many more changes. Mrs. Clinton Judd had the parliamentary drill. Current events were told in interesting fashion by the different members. How to best spend the Christmas fund of the club was a matter up for discussion and

the following committee was appointed by the president to take care of the expenditure: Miss Garnett, chairman; Mrs. Smith, Miss Grace Judd. Plans were made for the Christmas party which will be held on Monday evening, Dec. 17, at the home of Dr. and Mrs. C. H. Ives. All members of the P. E. O. and their husbands are invited. A committee will have in charge some surprise features for the Christmas party.

Cannot Knit; Then Crochet.
Miss Mae Belle Swift, 664 Circle avenue, Forest Park, is one of the patriotic girls who does not know how to knit but has been crocheting sweaters for the soldiers in France. She has had so many inquiries from girls who could not knit and wished to know how to crochet a sweater that she gives the directions for crocheting a 34 inch sleeveless sweater jacket, requiring three hanks of knitting worsted, allowing six stitches for each additional inch. Crocheted sweaters are heavier and warmer than the knitted ones.

Chain 31, turn, skip first chain, 1 single crochets in each of chain, picking up the back thread of previous row, turn, chain 1, repeat same as first row for 80 rows, making 40 ribs on each side; this forms bottom of sweater.

First row: Turn, chain 1, work a single crochet in each 80 ribs, working across top of ribs.

Second row: One single crochet in each stitch, picking up both threads; turn, chain 1, repeat till work measures 23 inches; front of sweater is now completed.

Shoulders: Work 27 stitches ribbed for 20 rows or 10 ribs on each side. Break thread, work other shoulder same, beginning second shoulder on outer edge.

Back: Next row work 27 stitches in single crochet, chain 20 stitches, turn to Dixon to receive the congratulations of their friends and to make train for Chicago where a short honeymoon will be spent. They will return to Dixon to receive the congratulations of their friends and to make train for Chicago where a short honeymoon will be spent. They will return to Dixon to receive the congratulations of their friends and to make train for Chicago where a short honeymoon will be spent.

with 5 inches or ribbed same as front of sweater.
Sew up sides loosely with darning needle, leaving 9 inches open for the arm holes. Finish neck and armholes with four rows of single crochet.

Michael Foley of St. Patrick's Catholic church. Miss Theresa Hankey attended. Miss Edous as maid of honor, while Harold Edous, the bride's brother, served as best man. Both the bride and her maid of honor were attired in suits of blue cloth and carried roses. The young couple left on the 7:21 train for Chicago where a short honeymoon will be spent. They will return to Dixon to receive the congratulations of their friends and to make train for Chicago where a short honeymoon will be spent.

His Best Wishes.

THE PRESIDENT.

"Let there be no misunderstanding. Our present and immediate task
is to win the war and nothing shall turn us aside from it until it is accom-
plished. Every power and resource we possess, whether of men, of money,
or of material, is being devoted and will continue to be devoted to that
purpose until it is achieved."

What most matters in the president's message is that he makes clear
that there can be no peace without victory and complete surrender of the
Central Powers.

After victory and surrender, peace will be negotiated on certain lines
if the governments of Germany and Austria have abdicated and real repre-
sentatives of their peoples take their places at conference table.

If this is refused, then the terms of peace agreed upon by the Allies
will be forced upon the Central Powers, but these Powers may be shut off
from commercial intercourse with the rest of the world, and that would
mean gradually the drying up of the nations and an end of empires. No
nation could thrive or even live as a nation, divorced from all industrial
communication with the outside world.

This is the alternative which President Wilson puts up to the people
of the Central Powers. They must give up their Prussian militarism, and
their intriguing masters, or they must die of commercial starvation.

The peace, if negotiated, will be a just peace and shall include "repara-
tion for damages done by the present rulers of Germany."

If anyone takes the pains to calculate them approximately, those
damages will rise to stupendous totals.

This is Justice.

Justice also includes return of all territory wrested from other nations
by the greedy, imperialistic brutality of the aggressor. It includes many
other things which the Allies will insist upon.

But in the cold, calm light of peace, nothing which Justice does not
demand will be asked or even wished for.

IT CARRIES ALONG.

"There is no more potent force than song in developing unity in an
army," declares an American army officer with the force in France.

The potency is there, also, whenever a multitude of any sort, on any
occasion, is confronted by a crisis. The "Marseillaise" arouses and unites
a distracted nation. "Nearer My God to Thee," as the great ship sinks, with
hundreds of passengers at last bound together as brothers and sisters by a
common fate. "The Star Spangled Banner," a whole nation rising to it
when the tuning-fork of Fate sounds national peril!

The song of the multitudes is the honest expression of inspiration and
spirit. Regardless of words and harmonies, it is the torrent of a mighty
purpose. In it are the tingling nerves of the aged, the fearless ardor of
youth, the hot determination of the middle aged. In it the halt, the
blind, the weak, the despairing may be giants. It is rhythm making warriors
of human mixture. It is a common brotherhood, with no excuses asked
for deficiencies or inability. It is a tocsin for the armag of truth and
justice. It is the challenge of the masses to wrong. It binds and moves.

The glorious vision seen, the multitude roars in song, united in spirit.

To open battle with a song was no unusual thing with the nations of
old. We may yet see our boys crossing bloody No Man's Land with a song
that will hold them together and make them all the more "Our Boys."

EYES BUT HE CANNOT SEE.

Did you notice that Von Hindenburg is sympathetically worrying
about us?

Von says that he cannot bring himself to believe that we will send a
huge army to Europe and leave ourselves helpless in case of an attack by
Japan. Poor fellow! he doesn't understand us at all.

There used to be a time when we got out of bed, in our nightgown,
with every hair erect, and urged wife to hunt the house for Jap ghosts, but
that time is past. There are no such ghosts. On the contrary, if Japan
wants to get into the big fight, crosses the Pacific, and wants passage across
our territory, she'll find some splendid roads open to her army, from San
Francisco to New York.

Von Hindenburg, like most all German autocrats, cannot yet believe
that all civilization outside his circle is united, heart and soul, to put down
Von Hindenburgism so that it will stay down.

When the great fear holds the jungle, as Kipling would put it, it is
the law that all the creatures should unite and be at peace with each other.

Over the nations that know the right and that would have freedom
and pursue happiness is the great fear—Prussian barbarism. The panther
drinks at the pool beside the kid. Uncle Sam lieth down with the Jap.
It is so. The law of common peril makes it thus. But a Von Hindenburg
can see only the law of might.—Aurora Beacon-News.

EXEMPT THE SOLDIERS.

Why wouldn't it be a good plan for congress to pass a bill exempting
every soldier from payment of the war tax on tickets to theatres and other
amusements, charging them only the regular price? This is what was done
in Canada. The suggestion that every man in uniform, when traveling on
a furlough, be permitted to ride for one cent a mile on the railroads in
Illinois, also seems like a good one. The privates are lucky if they have
the price of a postage stamp left out of their pay at the end of the month
and they ought to be given a strong shade the best of it wherever possible.

Only folk in Oregon, Washington, Wyoming, Idaho, Colorado and
Kansas will get a good view of the total eclipse of the sun, next June. But,
cheer up! Maybe the rest of us will be getting a good view of the total
eclipse of the kaiser.

Been quite a strain on the furnace lately. And, likewise, on the
coal pile.

The heart of all America bleeds for the victims of the Halifax disaster.

The news of a counter revolution in Russia sounds good. Nothing
could make conditions in that confused country much worse.

CURRENT COMMENT

Chicago Herald: President Wilson
evidently believed the international
situation called for a restatement and
clarification of our position as to war
and peace. It may be summed up in
four words: Victory, reparation, jus-
tice, security. The precautions taken
to insure simultaneous publication of
President Wilson's message as far as
possible throughout the world show
that his central thought was of a
larger, the international, the more
permanent aspects of the war. To this
fact we must ascribe his failure to
deal more at length with domestic
problems of importance.

IS 127 YEARS OLD

AND STILL FRISKY

AGED INDIAN, RUN OVER BY
SWITCH ENGINE, REFUSED
A BED.

(Associated Press Leased Wire.)
St. Paul, Minn., Dec. 11.—Just
what an Indian will endure despite
handicaps of age and infirmities was
illustrated by a letter received by
the Associated Press here from Fred
A. King, Indian agent at Cass Lake,
Minn. Mr. King had been asked to
report on the condition of Ga-be-nah-
gewn-wonce, 127 years old, and he
replied as follows:
"I am in receipt of your relating
to the aged Indian known as Ga-be-
nah-gewn-wonce, also known as John
Smith by those who are unable to
pronounce his Indian name.
"No events have transpired in his
life during the past two years worthy

of being added to the sketch written
for the Associated Press, except per-
haps the fact that shortly after the
sketch was prepared he was run
over by a switch engine in the Great
Northern railroad yards here. He
was badly shaken and was picked
up and taken to our local hospital
for medical treatment. He refused
to occupy a bed while in the hos-
pital, and rolling himself up in a
blanket he laid on the floor during
all the two weeks he was confined to
the hospital.
"He has not as yet married again
but is still hoping to meet an Indian
maiden who is willing to become Mrs.
Ga-be-nah-gewn-wonce.
"You ask me to telegraph you in
the event of his death. I will do so
providing he dies before I do.
"He is residing in Cass Lake with
his Indian son-in-law at present, is
still active and frequently goes by
train to Bena to visit his Indian
friends in that vicinity. He went
there today in fact."

CAMP GRANT SOLDIERS EXCEPTIONALLY LARGE

Division Holds Record
For Strapping
Fellows.

HARD TO UNIFORM
Average Allotment of
Uniforms Are Not
Sufficient.

Camp Grant, Dec. 11.—When the Eighty-sixth division of the National army, commanded by Gen. L. W. V. Kennon, gets into action against the Germans "over there," Fritz doubtless will think he is fighting a nation of giants.
Man for man, it is believed by the quartermaster's department that the Eighty-sixth division has more big soldiers in it than any other organization of the national army.
If it wasn't for the great size of the men who have been coming here it is probable that the division would be nearer filled up. This, it is said, is the chief reason why more of the selected men have not been sent to

Camp Grant, there still being about 34 per cent to come.
Regulation Sizes Too Small.
In the regular army when a quartermaster was told that uniforms, shoes, hats and other wearing apparel was needed for a certain number of men, he would send along the average sized garments, and it was seldom that an extra shipment was necessary to fully equip the men.
But with the national army it is different. So many big fellows are among the selected men that the quartermaster's department has been stumped. The regulation sizes were not big enough and the uniform makers have been called upon to enlarge their patterns and make more of the big sizes.
There are in the quartermaster's stores here at camp breeches, blouses and overcoats enough to equip several thousand men of the 36 and 38 sizes, but there is a scarcity of the sizes from 40 to 50, a lot of which are required.
Allies Wear U. S. Uniforms.
The allied officers and noncoms who are here giving instructions in certain branches of modern warfare have noticed the large size of most of the men in camp, and commented upon it. With one exception, that of Capt. Flahertie Minch, an Irish officer, there isn't one of these men who approaches six feet. Captain Minch appears to be about 5 foot 11 in height.
The Frenchmen in camp are especially small, and when the order was issued a day or so ago to equip

the noncoms among them with American uniforms, the quartermaster had no trouble whatever in doing it. He had plenty of the smaller sizes. This order to put the allied noncoms in Sammie's garb caused a lot of comment among the men in camp.
Proud of Their New Garb.
Lots of attention has been attracted to the flashy blue of the Frenchmen and with their red caps they have been conspicuous. The Americans have noticed that girl visitors to the camp were attracted by the blue and red and they are getting no little satisfaction out of the fact that the French experts are now being garbed in the olive drab.
The order to thus equip the noncoms was due to the cold weather and the impossibility of getting any of the French uniforms to this country in time to protect the men against zero temperature.
It was said by those who understood them that the comments of the Frenchmen when they donned the American garb was interesting indeed.
"I am proud," said one of them, "to wear the uniform of this great nation which does things on such a stupendous scale. We all feel that it is in the United States that our salvation lies and nothing would please me better than to go back to my country and fight with the many friends I have made here at Camp Grant."

BRITISH TAKE JERUSALEM CITY FROM MOSLEMS

(Continued from Page 1)

troops have arrived at Harbin, Manchuria, to protect Chinese interests, according to the Beijing Tidende.

Active in West.

London, Dec. 11.—Unusually active artillery fighting and aerial operations on the western front yesterday are reported in today's official announcement.

This activity was particularly noteworthy on the Ypres and Arras fronts.

On French Fronts.

Paris, Dec. 11.—The war department announces encounters on the Verdun and Champagne fronts and active artillery fighting in sections of upper Alsace and Lorraine.

London, Dec. 11.—Andrew Bonar Law, chancellor of the exchequer, announced in the house of commons that Jerusalem, after being surrounded on all sides by British troops, had been surrendered by the Turks.

The chancellor said British, French and Mohammedan representatives were on the way to Jerusalem to safeguard the holy places.

Troops Isolate City.

General Allenby reported that on Saturday he attacked the enemy's positions south and west of Jerusalem, the chancellor stated. Welsh and home county troops, advancing from the direction of Bethlehem, drove back the enemy and, passing Jerusalem on the east, established themselves on the Jerusalem-Jericho road.

At the same time London infantry and dismounted yeomanry attacked the strong enemy positions west and northwest of Jerusalem and placed themselves astride the Jerusalem-Shechem road. The holy city, being thus isolated, surrendered to General Allenby.

French and Italians Aid.

The chancellor announced that General Allenby expected to enter Jerusalem officially today accompanied by the commanders of the French and Italian contingents and the heads of the French political mission, British political officers, together with the British governor, were in the party that had gone ahead on the safeguarding mission.

The capture of Jerusalem had been delayed to some degree, added the chancellor, in consequence of the great care that had been taken to avoid damage to the sacred places in and around the city.

The British campaign in Palestine was opened last March and has been prosecuted steadily since then, first by Gen. Sir Archibald Murray and then by General Allenby, who assumed command on June 29. The advance was northward along the Mediterranean coast, but was necessarily slow because of the arid desert that had to be crossed.

Center of Strife.

Jerusalem, the birthplace of Christianity, is the most fought-for city in the world. Down through the ages it has been battled for by Jew, Mohammedan, Pagan and Christian. The hills of Palestine have been drenched with Christian blood in mighty battles fought by fanatic Christian invaders. The historic city has been destroyed and rebuilt times without number, only to finally fall for the second time into the hands of Christian British.

The gigantic British encircling strategy took in, on the south, the little town of Bethlehem, where Christ was born, 2,017 years ago. There seems to be no doubt that the capture of Jerusalem is one of the most stupendous moral victories of the war.

It is a unique fact that British leaders and British armies now, as in the centuries past, are still the tenacious, successful foes of Mohammed's people. In the twelfth century Richard Coeur de Lion, in penitence for fancied sins, decided to atone himself of mundane taints by engaging in a altruistic campaign for the deliverance of Jerusalem to Christian control. In a series of campaigns he fought the mighty Saladin through many sanguinary battles to a truce. He found it impossible to maintain a maximum fighting strength through the extreme line of communications. Disease and misfortune reduced his armies to nomadic bands, which were, some of them, taken as slaves by the Mussulmans. Others roamed the continent for years or engaged in mercenary wars wherever they found chieftains willing to employ them.

It is an interesting campaign that has just been successful in restoring Jerusalem. A glance at the geographical nature of the land over which the British advanced from Gaza to Jaffa to Jerusalem is intensely interesting.

Palestine, an almost regular rectangle, may be divided into four equal parts lengthwise for this purpose. The strip along the Mediterranean sea is flat country, a continuous plain. The next strip to the east is mountainous. It resembles in general character the Catskill country of New York state, except that the hills and mountains are not so heavily wooded.

The third strip from the coast is a great depression through which the River Jordan flows.

The fourth is the plateau land which rises beyond the Jordan.

By taking the coastal route the English were able to advance with little trouble from natural obstacles. Some distance above Askalon the invading army apparently forced, one branch continuing up the coast to Jaffa and the other turning northwestward toward Jerusalem, which lies in the hilly country.

The committee also passed a resolution recommending to the County Auxiliary the enlargement of the committee by appointment of a man in each of the centers of population. CHARGE DISHONESTY AGAINST MERCHANTS IN FOOD HOARDING

Will Investigate Hoover's
Charge Against the
Brokers.

IS CAUSING UNREST

(Associated Press Leased Wire.)
Washington, Oct. 11.—Charged by Food Administrator Hoover that some dishonest wholesale merchants and food brokers have been criminally responsible for food shortages and rising prices were taken under investigation today by the federal trade commission.

Commissioner Murock will be in charge of the inquiry, which will be prosecuted with vigor and with all the trade commission's broad investigative power behind it.
Speculation of food was declared today in a statement by Commissioner Murock to have far reaching results in causing unrest. Unprincipled brokers and dealers are said to order food beyond their requirements on a rising market, believing they can make money if prices go higher, and can at least prevent loss by rejecting the shipment.

PAUL DIXON VERY ILL.

A telegram was received this morning from a hospital in Huntington, Ind., containing the information that Paul O. Dixon, government shoe inspector of this city, is seriously ill. His wife and mother left this afternoon to be with him.

Come and Find Out How

CHURCH WILL SAVE COAL THROUGH WINTER

ST. PAUL'S WILL BE HEATED BUT THREE DAYS A WEEK HEREAFTER.

At a recent board meeting of St. Paul's Lutheran church action was taken to aid the government in conservation of fuel and beginning with this week the church will be heated from Friday afternoon through Saturday and Sunday only, and all activities of the church—choir rehearsals, social functions and church services—have been arranged with that in view. A statement was issued by the government stating that the coal production this year will be short 500,000 tons of the usual supply and in view of this situation St. Paul's church took this action, feeling that, although their treasury could easily pay for the coal and probably could get enough to meet the demands of the church, the church should not take fuel that would probably be required to keep someone warm or in carrying on government activities. The church has dispensed with its mid-week prayer service for the time being and will condense all other services into the Friday to Sunday limit.

Dr. Altman, the pastor of the church, suggests that after the Christmas season, when all churches would like to hold their own services separately, it would be a good idea to hold but two Sunday evening services, one on each side of the river, and each of these to be a union service. Almost any church in Dixon, he stated, could easily care for all church going people of a Sunday evening during the coal devouring months of January and February, and thus further assist in coal conservation. He thinks that churches and the good people generally should take the lead in conforming to the wishes of those in authority in the conservation of fuel and food.

IN ORDINANCE CORPS
Lee Hefley went to Chicago Saturday and enlisted as a carpenter in the Ordinance corps. He was given orders to report to Columbus, O., and, as soon as equipped, goes to France.

SOCIETY
(Continued Page 3)

Nelson Social Circle.
The Nelson Social Circle will meet Wednesday in an all day session with Mrs. J. B. Stitzel instead of with Mrs. George Ransom, as previously announced. The members will meet to do Red Cross sewing.

Evening Work at Red Cross.
The Red Cross shop feels that an encouraging beginning was made in the evening work at the initial evening meeting Monday, and those who came, despite the severe cold, promised to come and spoke of many others who intended to come. Unfortunately the front lights of the court house were not in working order and many turned away thinking the statement that there would be a meeting was a mistake. Miss Ingraham and Miss Squires assisted Mrs. McCleary in directing the beginners and much was accomplished. The shop will be open again this evening and every Monday and Tuesday of each week.

Mrs. Tyson Here Wednesday
Mrs. Russell Tyson of Chicago, who heads so many war relief committees and is an organizer par excellence, will be here Wednesday to address a meeting in the Schuler building (old Dixon National Bank building) in the interest of the Woman's Committee, National Council of Defense. The initial meeting last evening to interest the girls and women of Dixon in war relief work was very successful, about 50 attending. Mrs. Tyson will also be here Thursday evening.

Big Red Cross Shipment
Work at the Red Cross shop assumes much larger proportions and that Lee county women are awake and doing their share is proved. On Monday the packing committee packed 14 boxes of hospital supplies and knitted garments to be sent to Red Cross headquarters.

At Dinner.
Mr. and Mrs. George Remmers will have as dinner guests this evening Miss Nell Suggitt and Wm. Suggitt.

At Sunday Dinner.
Mr. and Mrs. Geo. Remmers entertained at dinner Sunday Mr. and Mrs. Albert Tholen, son and daughter of Grand Detour, Mrs. Caroline Remmers of the River road and Mr. and Mrs. Albert Raymond of the Kingdom.

Ward Hartshorn, age 23, son of Mr. and Mrs. Wm. Hartshorn of Nelson township, has enlisted in the electric branch of the radio department at the Great Lakes Naval Station. He is on furlough until Dec. 27. Men in this branch of the service are trained at the training camp until they can take or send 10 words per minute and are then sent to Harvard University for further technical training. It costs the government \$1500 to train each man in this branch of the service. He is enlisted for four years.

The Disadvantages of Wealth.
Somebody figures that to count \$1,000,000 would require 102 years of steady work at the rate of eight hours a day every working day. You can see from this how embarrassed you would be if you had \$1,000,000,000. You wouldn't even have time to count it.—Boston Globe.
